

### Mezzanine handrail systems.

Woven wire mesh and kickplates make RailGuard from SpaceGuard Products the safe, inexpensive alternative to traditional handrails. It's simple to install and objects can't fall through, preventing costly accidents. RailGuard meets OSHA and BOCA code requirements of a 200 pound load applied at any direction at any point on the rail.

- 2" Tubular posts and handrails
- Panels are high integrity welded 1 1/4" angle frame, with 1 1/2" wire mesh welded in place
- Panels are through bolted to the posts
- Special sizes available

- FOB IN

### Posts

Part #	Type	Ht	Wt (lbs)
RLP4	Deck mount-run	45"	10
RCP4	Deck corner	45"	10
RSP4	Side Mount	55"	11

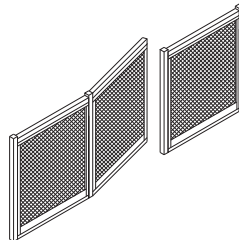

## Specifications

**Panels:** 10-gauge triple crimped wire woven in 1 1/2" diamond mesh. Frames made of 1 1/4" x 1 1/4" x 1/8" structural angle, with all joints arc welded. Frame equipped with slotted holes for quick mounting to posts. Stiffener bar consists of 1/4" x 3/4" hot rolled flat stock which is tack welded to ensure stability and reduce billowing. Steel kick plate at bottom of panel is 1/8" x 3".

**Posts:** 14-gauge steel, 2" x 2", drilled with 5/16" holes for door and panel hardware. Base plates are 2" x 7" x 1/4" steel welded to posts for secure floor anchoring.

**Doors:** Doors constructed of same materials as panels. Each hinge door comes with latches and two 3" x 3" steel hinges.

**Finish:** Phosphate washed with a standard finish of polyester powder coat high quality yellow or 5 additional colors. Please consult factory for information on custom colors. Additional packaging charges may be required.

### Hinge Gates

Part #	Type	Width	Wt (lbs)
RHD3	Single hinge	3'	49
RHD4	Single hinge	4'	58
RDHD6	Double hinge	6'	95
