

## SPACEGUARD PRODUCTS RECEIVES INDUSTRY AWARD

12/14/17

SEYMOUR, IN – SPACEGUARD PRODUCTS has earned the prestigious MVS (Most Valuable Supplier) Award for 2018. The MVS Award is granted by the industry’s trade association, MHEDA (Material Handling Equipment Distributors Association), to less than 5% of the Association’s member companies. This is the second year that SPACEGUARD PRODUCTS has earned the MVS Award. This industry Award recognizes companies who have demonstrated an exemplary commitment to their dealer network, their employees and their community.

To qualify for the MVS Award, SPACEGUARD PRODUCTS was required to meet a series of criteria in a number of areas important to the distributor companies who do business with them. In addition to confirming an on-going commitment to safety and documenting a program that “gives back,” MVS Award winners have demonstrated an overall commitment to business excellence by documenting programs in the following areas:

- Industry Advocacy
- Distributor Advocacy
- Business Networking
- Continuing Education
- Business Best Practices

“As a member company of MHEDA, we are thankful for being awarded the prestigious MVS Award 2018 for the 2<sup>nd</sup> year. It’s an honor to be recognized as an Industry Leader. We are committed to business excellence by providing our dealers and customers with products and services in a highly professional and courteous manner. Again, thank you to MHEDA and to our dealers who’ve made it possible for us to display this award as a highly marked achievement.”—Eddie Murphy, President, SpaceGuard Products

“On more than one occasion SpaceGuard has responded to my unusual/non-standard application requests. Their customer service group goes to great lengths to provide information that I need to secure orders that are out of the standard offerings. On many occasions, I have received calls from production managers and engineers with product solutions for our clients. SpaceGuard employees are encouraged to think outside the box and provide the extra service that I value.”—Kenneth L. Booe, Eastern Lift Truck, Sales Manager / Systems Specialist / Southern Region

“MHEDA’s MVS Award winners represent a commitment to excellence in managing their business and in providing outstanding support to the distributor,” said Buddy Smith, MHEDA’s 2017 Chairman of the Board and CEO of CMH Services in Columbia, SC. “MHEDA is proud of all the MVS winners.”

SPACEGUARD PRODUCTS is a leading manufacturer of wire mesh partitions and area guarding products including wire mesh storage lockers, rack safety panels, aisle guarding and mezzanine rail guarding. With over a 100 years of product experience, SPACEGUARD PRODUCTS is the most experienced wire company in the market today. All of SpaceGuard products/brands are proudly manufactured in Seymour, Indiana along with all the raw materials purchased locally. We are committed to providing excellent products and service to our dealers and customers. For more information, visit [www.spaceguardproducts.com](http://www.spaceguardproducts.com).

The Material Handling Equipment Distributors Association (MHEDA) is the only national trade association dedicated solely to improving the proficiency of the independent material handling distributor. MHEDA represents close 650 companies in the material handling equipment business. Located in suburban Chicago, the association provides services to companies seeking to improve their business through education, networking, benchmarking and best practices. For more information, visit [www.mheda.org](http://www.mheda.org).
